PREFACE

The Customs Act contains the following provisions respecting the Annual Report of the Department of Customs:—

“305. The Minister shall annually make to the Governor General, to be laid before Parliament within fifteen days after the meeting thereof, a report and statement of the transactions and affairs of the department during the year then next preceding.”

The Inland Revenue Act also contains provisions respecting the Annual Report of the Inland Revenue Service as follows:—

“14. The Minister shall annually make to the Governor General a report and statement of the transactions and affairs of the Department during the year then next preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value, and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this annual report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended 31st March, 1928.

I have the honour to be, sir,

PREFACE

The Customs Act contains the following provisions respecting the Annual Report of the Department of Customs:—

“305. The Minister shall annually make to the Governor General, to be laid before Parliament within fifteen days after the meeting thereof, a report and statement of the transactions and affairs of the department during the year then next preceding.”

The Inland Revenue Act also contains provisions respecting the Annual Report of the Inland Revenue Service as follows:—

“14. The Minister shall annually make to the Governor General a report and statement of the transactions and affairs of the Department during the year then next preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value, and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

The differences between revenue totals in Statement Number 9, Part I and totals shown in other statements of revenue, represent the differences between actual cash received in the Department and remitted to the Receiver General, and totals shown on entries passed, and are adjusted in the next fiscal year.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended March 31, 1933.

Your obedient servant,

R. W. BREADNER,

OTTAWA, September 6, 1933.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

Your obedient servant,

OTTAWA, June 26, 1935.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

HON. J. L. ILSLEY, M.P.,

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended March 31, 1936.

Your obedient servant,

H. D. SCULLY,

OTTAWA, June 29, 1936.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

MONSIEUR,

J'ai l'honneur de vous soumettre le rapport annuel du ministère du Revenu national (Service des Douanes), contenant états du revenu et des importations et exportations du Dominion du Canada, pour l'année financière terminée le 31 mars 1936.

J'ai l'honneur d'être

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.

HON. J. L. ILSLEY, M.P.,
Minister of National Revenue.

SIR,—I have the honour to hand you the Annual Report of the Department of National Revenue (Customs Division), containing Accounts of Revenue with statements of Imports and Exports of the Dominion of Canada for the fiscal year ended March 31, 1937.

Your obedient servant,

H. D. SCULLY,

OTTAWA, June 28, 1937.

PREFACE

The Act respecting the Department of National Revenue contains the following provisions with regard to the annual report of the department (Section 5):—

“The Minister shall each year make a report to the Governor General, of the transactions and affairs of the department during the year then last preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this Department since March 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details, compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this report contains tables and statements relative to the Customs.

Part II of this report contains tables and statements relative to Excise.

Part III of this report contains tables relative to Income Taxes.

HON. J.-L. ILSLEY, M.P.,
Ministre du Revenu national.

MONSIEUR,

J'ai l'honneur de vous soumettre le rapport annuel du ministère du Revenu national (Service des Douanes), contenant états du revenu et des importations et exportations du Dominion du Canada, pour l'année financière terminée le 31 mars 1937.

J'ai l'honneur d'être
Monsieur,
Votre obéissant serviteur,

H. D. SCULLY,
Commissaire des Douanes.

OTTAWA, le 28 juin 1937.

PRÉFACE

La loi concernant le ministère du Revenu national contient les dispositions suivantes au sujet du rapport annuel du ministère (Article 3):—

«Le ministre doit, tous les ans, soumettre au Gouverneur général un compte rendu et un état des opérations et affaires du ministère pour l'exercice immédiatement précédent, compte rendu qui doit être déposé devant le Parlement dans les quinze jours de la réunion de celui-ci».

Depuis mars 1918, notre ministère ne publie plus les résultats mensuels non révisés des importations et exportations que l'on préparait et publiait sous la direction du ministère des Douanes, depuis le 1er juillet 1900.

Mais le ministère des Douanes continue de préparer des états détaillés indiquant la quantité, la valeur et l'origine des importations, la quantité, la valeur et la destination des exportations, états qu'il fournit tous les mois au Bureau Fédéral de la Statistique, pour la publication, depuis le 1er avril 1918.

Le Bureau Fédéral de la Statistique publie maintenant des statistiques du commerce classifiées par pays, avec d'autres détails compilés d'après les rapports des Douanes.

La Partie I de ce rapport annuel contient des tableaux et états relatifs aux douanes.

La Partie II du rapport contient des tableaux et états relatifs à l'accise.

La Partie III du rapport contient des tableaux relatifs à l'impôt sur le revenu.
